

General instructions pdf, dropped in to word to edit

V-HAWK

VIRUS - Health And Wellbeing checker

General Information

V-HAWK is a simple questionnaire that collects information about people's health (influenza virus related symptoms, COVID-19 status, health related quality of life, long standing health conditions, treatments being used). It is brief and simple to administer.

The latest version of the V-HAWK survey and instructions for its administration are available free of charge on this [website](#). Please ensure that anyone administering V-HAWK reads these instructions. The layout and wording of V-HAWK should not be changed.

Instructions for use

We recommend that that V-HAWK is completed weekly during epidemics. Although, it can of course be completed more or less frequently as required.

V-HAWK can be completed as part of a **consultation with a health practitioner** or completed by a **member of the public as part of a [survey](#)**.

FAQs

What is the origin of this questionnaire?

This was created by researchers in March 2020 in order to collect information needed to tackle the COVID-19 Pandemic. The purpose of this questionnaire is to collect information from both patients and members of the public in order to assess (influenza virus related symptoms, COVID-19 status, health related quality of life, long standing health conditions, treatments being used). It is brief and simple to administer. This questionnaire will help researchers:

- Assess the prevalence of COVID-19 in the general population
- Obtain information on treatments/ strategies being used
- Assess the impact of COVID and treatments/ strategies being used on health and health-related quality of life.

Has this questionnaire been validated?

No, this has been created by researchers in March 2020 in order to collect information needed to tackle the COVID-19 Pandemic. However, we have included EQ-5D-3L which asks about health-related quality of life.

How do I participate?

I am a health provider or practitioner: V-HAWK is available to health practitioners to use manually or on-line by registering with Health Hawk and downloading the forms or by then signing up to the National Health Study, Health Provider Platform. <https://hawk.health/health-practitioners/>

I am member of the public: V-HAWK is available on-line for members of the public to complete <https://hawk.health/public/>.
